## • REGISTRATION

\$20 per workshop. A \$100 package deal is available for all eight sessions if paid on or before February 10. Early registration for individual workshops comes with a free gift of RWP merchandise. Early registration for the entire workshop series comes with a full gift package that includes a generous sampling of RWP merchandise. Visit [www.humboldt.edu/~rwp](http://www.humboldt.edu/~rwp) to register.

## • LOCATION & TIME

All workshops will be held in the Gist Hall 215 computer lab on the HSU campus. All workshops run on Wednesday evenings 5:00-7:00.

## • UNIVERSITY CREDIT

One unit of University credit is available for an additional \$85; those seeking credit must attend all eight sessions.

## • WORKSHOP PRESENTERS

All presenters are experienced practitioners: teachers with advanced training through the Redwood Writing Project that has earned them the status of Technology Teacher-Consultant. Plus they love having fun with computers.

## TechMatters 2010

### A Professional Development Series Supporting Literacies in 21<sup>st</sup> Century Classrooms

These stand-alone workshops teach educators to use readily available technology to make individual student voices come alive; to help students develop 21<sup>st</sup> Century literacies that include critical thinking, communication, and creativity; and to prepare them for higher education. In addition to helping teachers meet California Teacher Standard Six, Developing as a Professional Educator, the workshops are also a lot of fun and immediately applicable.

#### February 10: Glogster

Rachel Davis (Van Duzen Elementary School)  
How to create digital posters/collages using pictures, videos, audio files, and text.

#### February 24: VoiceThread
